

HIKE BASKETS WITH A TWIST

GRAND SESSION

Each Bethel and a few groups and individuals are asked to participate in our HIKE Baskets this year at Grand Session. The HIKE Committee has added a twist this year that we hope everyone will be intrigued with and come up with some super new baskets.

Each Bethel is assigned a color to be used. The colors were all put in a bowl and randomly drawn for each Bethel or group/individual. (no switching of colors)

The Bethel uses that color to build their basket. A theme can still be used but the color has to be used either entirely or randomly in the basket, also the basket does not have to have a theme but then would need the items to be the color drawn for them.

Chances will be \$1.00 each of 6 for \$5.00.

Each Bethel/Group/Individual will have their color enclosed with their information

Get your creative juices flowing (that we know you all have) and let's have the best HIKE BASKETS ever and raise that money to help the HEARING IMPROVEMENT KIDS ENDOWMENT!!

THANK YOU ALL,

Ainsley
